Subject: Advocacy for Reconsideration of Deportation Case for Mr. Goura Ndiaye (Columbus, OH/Mauritania)

Dear Honorable President Joe Biden:

We pray this letter finds you in excellent health. We are writing to you on behalf of Mr. Goura Ndiaye who was deported from Columbus, Ohio in 2019 after 20 years in the United States. He was deported to Mauritania, a country in Northwest Africa which practices modern day slavery.

As advocates for fair and humane immigration policies, we as family and other Africans are deeply concerned about the impact of Mr. Ndiaye's unfair deportation and how it has affected his family.

Mr. Ndiaye has been living in the United States since 1994 and was a resident of Columbus, Ohio, who contributed to his community. He was a business owner (Certified Electrician) and a father of four children, his last son is Down Syndrome, a genetic disorder with wide range of developmental delays and physical disabilities.

Mr. President, we are pleading for you to please reverse this deportation so Mr. Ndiaye can return home to his family because they need him. Due to the harsh and difficult life conditions in Mauritania, Mr. Ndiaye had to flee to Dakar Senegal (West Africa) for his safety, and life in Senegal is not easier and he is not a native of that country.

We his friends and families want to thank you in advance for reversing his deportation and may God bless you.

Sincerely his family and friends,

Signed:

Pamela Jo-Ann Butler

Sophie Ndiaye

Abdou Ndiaye

Moustapha Ndiaye

Maya Sambou

Grace M. Kolliesuah

Alphonso Kolliesuah

Gloria L. Butler
